Allahabad State University, Graduated : 2023 | CGPA : 7.5

PROJECTS

➢ **Portfolio** || **Html , Css , JavaScript** || 🔗

I have designed and developed this portfolio using **HTML, CSS, and JavaScript** to showcase my skills and projects as a **MERN Stack Developer**. The portfolio highlights my proficiency in building **responsive, interactive, and visually appealing web applications**. It features a clean and modern UI, smooth animations, and organized

sections for my **projects, skills, education, and contact details**. Each project demonstrates my ability to work with **MongoDB, Express.js, React.js, and Node.js**, along with strong front-end development practices. This portfolio reflects my passion for **full-stack web development**, creativity, and continuous learning in modern web technologies.

> **ShopItNow** || **Node.js, React.js** ||

- Developed a full-stack e-commerce website using React and Node.js .

- Implemented user authentication and payment gateway integration .

- Reduced page load time by 30% using lazy loading and caching.

> **ChatItNow** || **Node.js, React.js, Socket.io** ||

- Developed a full-stack real-time chat application with user
   authentication, group chats, and message history.

- Designed to facilitate seamless communication with low latency
   and responsive UI.
